

Mad Dog doesn't trust his Mike Trusty EFI system to just any run of the mill tuner. Properly fine tuning a system to run at top speeds in Open Road Racing should be done by people who know the business. Dennis trusts the EFI on his Pantera with one shop in Manhattan Beach, California.

Clewett Engineering
P.O. Box 312
Manhattan Beach, CA 90267-0312
Phone: 310-406-8788
Hours: 9AM - 4 PM Pacific Time
E-mail: info at clewett.com

Website: <http://www.clewett.com/>

If you live in Southern California and need your EFI looked at and tuned, give these folks a call.

Clewett Engineering is also an Electromotive Dealer.
